A. Surveys, Analyses, and Evaluations

Parents may inspect any survey created by a third party before that survey is administered or distributed to their student. All survey inspection requests must be made in writing to the building principal before the survey's scheduled administration date.

The District must obtain written consent from a student's Parent before the student is required to participate in a survey, analysis, or evaluation funded, in whole or in part, by the U.S. Department of Education that would reveal sensitive information. For all other surveys, analyses, or evaluations that would reveal sensitive information about a student, the District will provide prior notice to the student's Parent and an opportunity for the Parent to opt their student out.

Employees may not request or disclose the identity of a student who completes a survey, evaluation, or analysis containing sensitive information.

"Sensitive information" includes:

- political affiliations or beliefs of the student or the student's Parent;
- mental or psychological problems of the student or the student's family;
- sexual behavior or attitudes;
- illegal, anti-social, self-incriminating, or demeaning behavior;
- critical appraisals of other persons with whom the student has close family relationships;
- legally recognized privileges or analogous relationships, such as those with lawyers, physicians, and ministers;
- religious practices, affiliations, or beliefs of the student or the student's Parent; or
- income (other than that required by law to determine eligibility for participating in a program or for receiving financial assistance under that program).
