5400 Curriculum, Instruction, and Parent Involvement

5401 Parent Involvement in Education

A. Parent Involvement

The District will take the following steps to encourage Parent involvement in their student's education:

1. Parents will be provided the opportunity to review District-approved curriculum, textbooks, and instructional materials, including any material that will be used in connection with a survey, analysis, or evaluation, upon request.

    a. Requests to review curriculum, textbooks, and instructional materials must be made to the building principal.

    b. Parents may review textbooks based on availability and may review instructional materials within a time frame determined by the building principal or designee.

2. Parents will be permitted to attend and observe instructional activities in a class or course in which their student is enrolled and present.

    Parents must make an appointment with the building principal to observe instructional activities in a class or course in which the student is enrolled and present. The building principal will permit a Parent observation unless the building principal determines that the observation would disrupt the class or course. Frequent observations are likely disruptive. Absent unusual circumstances, as determined by the building principal, observations that last more than 30 minutes or occur on consecutive days will not be permitted. Parents who want to observe instructional activities also must adhere to Policy 3105.

    Parents are not permitted to observe testing.

3. Parents may inspect and review their student's education records, upon written request, consistent with Policy 5309 and state and federal law.

4. A copy of this Policy must be included in the Student Handbook.

5. See Policy 5405 for Parent and Family Engagement Policy at schools receiving Title I funds.

B. Assessments and Surveys

1. State assessments

Pursuant to state law, the District will not approve Parent requests to opt students out of state assessments.

2. National Assessment of Educational Progress

   As a condition of receiving federal funds and as required by state law, the District may be selected to participate in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. Student participation in NAEP is voluntary.

   The District will notify Parents of students eligible to take the NAEP before the assessment is administered. Parents wishing to opt their students out of the NAEP assessment must notify the District in writing at least 3 school days before the assessment date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

3. Surveys

   Parents will be notified before their student participates in surveys on certain topics in accordance with Policy 5308.
