5600 Student Support Services

5603 Section 504

The District does not discriminate against any student with a disability, as that term is defined in Section 504 of the Rehabilitation Act (Section 504), in any District program or activity. Any claim of disability-based discrimination will be addressed pursuant to Policies 3115-3115H and 5202.

Eligible students are entitled to a free appropriate public education through a Section 504 plan. Students with disabilities who are also eligible for services under Policy 5601 will receive a free appropriate public education through an IEP.

The District will follow federal law and applicable regulations and guidance in identifying, locating, evaluating, and educating students with disabilities under Section 504. The Superintendent or designee will develop and implement procedures for identifying and serving eligible students under Section 504 that are consistent with federal law.

For purposes of this Policy, a free appropriate public education means the provision of regular or special education and related services that are designed to meet the individual educational needs of students with disabilities as adequately as the needs of students without disabilities are met, and that are provided without cost (except for District fees imposed on students without disabilities and their Parents).
