5714 Threat Assessment and Response

A. General

The Board is committed to providing a safe environment for all members of the school community. Our commitment to security includes creating and maintaining a safe school climate and supportive culture as a foundation for preventing violence and mitigating risk.

To further that commitment, the Board directs the Superintendent to:

1. Establish a behavior threat assessment and management (BTAM) team for each school operated by the District.

2. Ensure each BTAM team includes, at a minimum, the following individuals: a school administrator, a mental health professional as defined by MCL 330.1100b, and a school resource officer or another law enforcement official from the local law enforcement agency that has jurisdiction over the school.

3. Ensure each BTAM team is assigned at least the duties described in MCL 380.1308e(2).

4. Develop and implement threat assessment protocols. The threat assessment protocols must include training for individuals who administer threat assessments and a framework for determining when a threat assessment should be used.

B. Reporting Threats

District employees, volunteers, and contractors must immediately report any threat to the designated BTAM team school administrator. Reports may be made in person, by email, or by telephone. Threats requiring immediate intervention should also be reported to the local law enforcement.

Students are encouraged to immediately report any threat. Threats may be reported to any District employee in-person, by email, or by telephone. Students may also report threats through the OK2SAY program.

If there is a concern about student self-harm, the building principal or designee should comply with Policy 5710.

C. Threat Response

When a threat is reported, the BTAM team school administrator or designee will determine whether to initiate the District's threat assessment protocol.
