Series 5000: Students, Curriculum, and Academic Matters

5700 Student Health and Safety

5715 Student Oral Health Assessment

For a student entering the District for the first time in kindergarten or grade 1, at the time of registration or not later than the first day of school, a Parent must provide the building principal or designee with:

- a Kindergarten Oral Health Assessment Form (MDHHS-6067) certifying that the student has received a dental oral assessment within 6 months before the date of registration;
- a written statement that the Parent will ensure that the student receives a dental oral assessment administered through the Kindergarten Oral Health Assessment (KOHA) Program; or
- a written statement that the requirement violates the Parent's personal religious beliefs.

The District will not exclude the student from attendance for failure to provide the required information.

The building principal or designee will maintain dental report records and provide an annual summary to the Michigan Department of Health and Human Services no later than November 1 of each year.

The District will provide the KOHA Form and information about the KOHA Program in its registration packets.
