MESSA

Enrollment dates: 11/1/2026-11/15/2026

Coverage effective: 1/1/2027

Open Enrollment

What open enrollment means to you

It's time to review the plans available to you and update your benefit selections for the coming year.

If you previously waived coverage, this is the time to sign up.

What you need to do

Review and understand the plans available to you.

Make your benefit selections ***before*** the open enrollment deadline.

After open enrollment closes, you cannot change your benefit selections until the next open enrollment period unless you experience a qualifying event, such as marriage, birth, your spouse losing coverage from another insurer or other limited instances.
